About Love-A-Stray:

Love-A-Stray is a non-profit, all volunteer, no-kill organization dedicated to helping homeless animals. Since Love-A-Stray doesn't have a "physical" shelter and our animals are housed in foster homes, we do not have some of the usual operating expenses that would be required for a shelter. Consequently adoption fees, fundraising efforts, and donations go directly to a great cause - the animals! Our four-fold mission is to:

Lessen pet overpopulation by sterilizing adoptable animals and employing spay/neuter programs.

Offer housing for unwanted, homeless animals and when necessary, provide medical treatment including emergency veterinary care.

Value the life of all rescue animals by providing innovative behavior rehabilitation, when applicable, and placing them from nurturing foster families into loving, compatible, permanent homes.

Educate the public on the importance of being an advocate for animals emphasizing humane treatment and sterilization.
