

PLEASE JOIN THE FIGHT TO SAVE BELLA

This sweet 3-year old Pug mix, Bella, wasn't eating or drinking and was hardly walking a few weeks ago when she came to Love-A-Stray Dog

Division. She was surrendered by a family who'd found her as a stray but couldn't afford her health care. The vets at [Avon Lake Animal Clinic](#) performed the

complicated emergency surgery to save her young life. They made 3 incisions into her intestinal tract and a 4th into her stomach to relieve the GI obstruction. She had 4 doctors (including Dr. [Lisa Hoffman O'Donnell](#) and Dr Bystrom) working on her at one time and several stayed late into the night to ensure her safe care. Under close watch of the vets and staff, two days later Bella was finally on the road to recovery.

She has a growing appetite and a very affectionate personality. It was obvious from the scars on her sides that she's already been through a lot in her short life, but she isn't giving up. Love-A-Stray has had her spayed, vaccinated, and started heartworm

prevention. She's thriving now in foster care, after gaining 3 pounds and melting the hearts of all that meet her! She will be available for adoption early December.

Now Love-A-Stray has a \$2,000.00 bill to pay...WE NEED YOU to join the fight to save Bella! Please donate to Bella's care at <http://www.loveastraydog.com>, send your donation to Love-A-Stray, ATTN: Bella, PO Box 125, Avon Lake Oh 44012 or donate directly to the Avon Lake Animal Clinic, 124 Miller Road, Avon Lake.

THANK YOU!
